The two Nobel Prize-winning writers Rabindranath Tagore and Hermann Hesse are arguably very different: one comes to us from the core of Indian culture, the other from the very heart of Old Europe; the former is an eternal wanderer, the latter a determined armchair traveller. Still, there are extraordinary affinities between their works, and they both understood that the path to happiness is paved with small acts and simple notions. Flavia Arzeni's book offers us an oasis of stability and calm in which we can find the answers to our fundamental concerns about life and happiness. From the Trade Paperback edition.

Waterfronts in Post-Industrial Cities Richard Marshall 2004-01-14 Most books on waterfronts deal with a relatively narrow collection of cities and projects; one might describe them as the 'top ten' list of waterfront revitalisation projects. For instance, Boston and Baltimore are now the stuff of waterfront redevelopment legend. **Waterfronts in Post-Industrial Cities** is a second generation waterfront publication which reflects on recent and contemporary developments. Amsterdam, Boston, Genoa, Sydney and Vancouver are successful examples of cities that faced considerable challenges in their revitalisation efforts. Bilbao, Havana, Las Palmas de Gran Canaria and Shanghai are contemporary examples that represent the emerging contexts for waterfront revitalisation today. Four themes form the basis of this book and provide a structure for considering particular aspects of waterfront redevelopment - connection to the waterfront, remaking the city image on the waterfront, port and city relations and the new waterfronts in historic cities. Broad issues that might be applicable to a variety of situations are dealt with alongside specific city case studies.

The Scroll of Seduction Gioconda Belli 2009-10-13 Manuel is a man of many talents; an art historian and professor, he is also an exquisite storyteller. When he meets 16-year-old Lucia on an outing from her boarding school, he offers to narrate a story of dire consequences—that of the Spanish Queen Juana of Castile and her legendary love for her husband, Philippe the Handsome. Promised to Prince Philippe the Handsome to solidify ties between the Flemish and Spanish crowns, Queen Juana immediately fell in love with her betrothed with all the abandon and passion of her fiery personality. Theirs was one of the most tumultuous love stories of all time. But Juana, who was also one of the most learned princesses of the Renaissance, was forced to pay a high price for being headstrong and daring to be herself. Those at court who could not fathom Juana as heir to the throne of the most important empire of its day conspired against her and began to question her sanity. Eventually she came to be known as Juana the Mad. But was she really insane, or just a victim of her impetuosity and unbridled passion? As the novel unfolds, Lucia and Manuel become enmeshed in a complex psychological web that seduces and incites them to relive Juana and Philippe's story, and eventually leads them to a mysterious manuscript that may hold the key to Juana's alleged madness.

The History of the Thirty Years' War in Germany Friedrich Schiller 1828

On the Aesthetic Education of Man Friedrich Schiller 2020-03-16 18th century German philosopher, poet, and playwright, Friedrich Schiller began writing while he was in the army. Commanded to stop by his superiors he deserted the army, moved to another country, and began writing under a false name. Schiller was a deep-thinker on ethics and aesthetics. His beliefs held that beauty is not just an aesthetic experience, but that it is also connected with goodness. An essay on aesthetics first published in 1794, "On the Aesthetic Education of Man" takes the form of a series of letters discussing the importance of art upon society. Schiller begins this work by discussing his disenchantment with how the French Revolution descended into violence and failed to bring about the ideals that it intended to. What follows is a commentary on Kantian aesthetical philosophy which discusses the conflict of man's drive for pleasure versus his capacity for reason. Schiller argues ultimately that this conflict can be resolved, and elevate the moral character of man, by an informed appreciation of aesthetics allowing for a balance between these two competing forces. This edition is printed on premium acid-free paper.

Terminal Events Alfredo De Palchi 2020-11-16 Poetry. Translated by John Taylor. Edited by Karl Kvitko. Cover art by Luce de Palchi. The great Italian poet Alfredo de Palchi died in August of this year at age 93 after a long, defiant and mocking poetical battle with Lady Leukemia. **TERMINAL EVENTS** ends a life in poetry well planned: it presents an imagined discourse with poet Eugenio Montale, a fanciful and self-deprecatory autobiography, and a liberation of the planet Earth from the cruelty of man, with de Palchi's undying rage against violence, his glorification of Mother Nature and his love of freedom much in evidence. Amazing Alfredo de Palchi! Ever since the turn of the century, which also coincides with his increasing and serious health problems, the hard-working and very determined Italian poet continues to aim his frank and fierce poetry at endings, not to mention apocalypses. Although this theme is also present in his early work, it nonetheless now stands in greater contrast to another key theme that runs through his previous writing: the search for and examination of the origin, the first principle, or the first cause... the whole scope of a lifetime for this poet whose passion for living, writing poetry, and publishing work by other poets has deeply impressed all of us who have had the chance of working with him and knowing him well.--John Taylor

The Returns of Odysseus Irad Malkin 1998-11-30 This remarkably rich and multifaceted study of early Greek exploration makes an original contribution to current discussions of the encounters between Greeks and non-Greeks. Focusing in particular on myths about Odysseus and other heroes who visited foreign lands on their mythical voyages homeward after the Trojan War, Irad Malkin shows how these stories functioned to mediate encounters and conceptualize ethnicity and identity during the Archaic and Classical periods. Synthesizing a wide range of archaeological, mythological, and literary sources, this exceptionally learned book strengthens our understanding of early Greek exploration and city-founding along the coasts of the Western Mediterranean, reconceptualizes the role of myth in ancient societies, and revitalizes our understanding of ethnicity in antiquity. Malkin shows how the figure of Odysseus became a proto-colonial hero whose influence transcended the Greek-speaking world. The return-myths constituted a generative mythology, giving rise to oral poems, stories, iconographic imagery, rituals, historiographical interpretation, and the articulation of ethnic identities. Reassessing the role of Homer and alternative return-myths, the book argues for the active historical function of myth and collective representations and traces their changing roles through a spectrum of colonial perceptions—from the proto-colonial, through justifications of expansion and annexation, and up to decolonization.

The Goodbye Kiss Massimo Carlotto 2006-01-01 "The best living Italian crime writer."-Il Manifesto An unscrupulous womanizer, as devoid of morals now as he once was full of idealistic fervor, returns to Italy, where he is wanted for a series of crimes. To earn himself the guise of respectability, he is willing to go as far as murder. **Materada** Fulvio Tomizza 2000 Francesco Koslovic--even his name straddles two cultures. And during the spring of 1955, in the village of Materada on the Istrian Peninsula, his two worlds are coming apart. Materada, the first volume of Fulvio Tomizza's celebrated Istrian Trilogy, depicts the Istrian exodus of the hundreds of thousands who had once thrived in a rich ethnic mixture of Italians and Slavs. Complicating Koslovic's own departure is his attempt to keep the land that he and his brother have worked all their lives. A picture of a disappearing way of life, a tale of feud and displacement, and imbued with the tastes, tales, and songs of his native Istria, Koslovic's story

is a testament to the intertwined ethnic roots of Balkan history.

Real Images Josephine Woll 1999-12-31 During "the thaw" from Stalin's death in 1953 to the late 1960s and Khrushchev's rule, Soviet society experienced major transformations. So did films. In this first comprehensive account of the relationship between politics and cinema in this period, Josephine Woll skillfully interweaves cultural history with film analysis to explore how movies at once responded to the changes around them and helped engender them. She considers dozens of individual films within the context of Khrushchev's policies and the artistic foment they inspired.

The Witch of Edmonton Thomas Dekker 2021-11-22 At the center of this remarkable 1621 play is the story of Elizabeth Sawyer, the titular "Witch of Edmonton," a woman who had in fact been executed for the crime of witchcraft mere months before the play's first performance. Described by the authors as a tragi-comedy and drawn in part from a pamphlet account of the trial then circulating, the play not only offers a riveting account of the contemporary superstitions embodied by the figure of the witch, but also delivers an implicit critique of the society that has created her. This edition of the work offers a compelling and informative introduction, thorough annotation, and a selection of contextual materials that helps set the play in the context of the "witch-craze" of Jacobean England.

Archetypes Elémire Zolla 2015-06-18 Man is dominated by his archetypes; they mould not only his history but his dreams. But how are we to define and evaluate them? Is it perhaps possible for us to relate more creatively to them? Originally published in 1981, these are some of the questions raised by this title. To answer them the author gathered together a vast amount of material drawn from Eastern and Western traditions, from science, literature, art and poetry. The answers he puts forward are often highly original and will surely challenge many of our most cherished patterns of thought. There emerges from this book what can only be described as a global metaphysical system, yet the author's language is not that of an ordinary metaphysical treatise, and what he writes offered new challenge and hope to those suffering from the despair and cynicism engendered by a great deal in modern society at the time. Zolla does not, however, advocate a return to earlier historical patterns, nor is he proposing a new Utopia, but rather offers us a brilliant series of lessons in the art of centring. In the words of Bernard Wall, writing in the Times Literary Supplement, Zolla's 'deep, polymathic probing of the terms of human existence makes it sensible to compare him with Simone Weil, while some of his conclusions about ultimate mysteries – expressed in signs, symbols and sacraments, the sense of which we have lost – will make us think of the later T. S. Eliot'.

Time Within Time Andrei Tarkovsky 2017-09-15 "Tarkovsky for me is the greatest," wrote Ingmar Bergman. Andrey Tarkovsky only made seven films, but all are celebrated for its striking visual images, quietly patient dramatic structures, and visionary symbolism. Time within Time is both a diary and a notebook, maintained by Tarkovsky from 1970 until his death. Intense and intimate, it offers reflections on Dostoyevsky, Tolstoy, Hermann Hesse, Thomas Mann, and others. He writes movingly of his family, especially his father, Arseniy Tarkovsky, whose poems appear in his films. He records haunting dreams in detail and speaks of the state of society and the future of art, noting significant world events and purely personal dramas along with fascinating accounts of his own filmmaking. Rounding out this volume are Tarkovsky's plans and notes for his stage version of Hamlet; a detailed proposal for a film adaptation of Dostoyevsky's The Idiot; and a glimpse of the more public Tarkovsky answering questions put to him by interviewers.
