Move to table the motion.  
The motion may be taken  
from the table after 1 item  
of business has been  
conducted. If the motion is  
not taken from the table by  
the end of the next meeting,  
it is dead. To kill a motion at  
the time it is tabled requires  
a 2/3rds vote. A majority is  
required to table a motion  
without killing it.

Mathematics is the economy of information. The central idea of all mathematics is to discover how knowing some things well, via reasoning,

permit students to know much else—without having to commit the information to memory as a separate fact. It is the connections, the reasoned, logical connections that make mathematics manageable.
