Kick Your Own Ass Robert Johnson 2010-04-27 The Ultimate Sales Boot Camp According to research by the American Society American Society for Training & Development, more than 80% of salespeople fail to reach their objectives. With such a high percentage of salespeople missing their mark, something is obviously missing. Kick Your Own Ass empowers you to fill this gap by focusing on, not only your selling process and your skills development, but also your self-confidence, motivation, and your life and career. These three critical elements together are called the "Will, Skill, and Drill" of selling. In Kick Your Own Ass, you'll find out how to build them up with Innovative ways to take

responsibility for your success A simple five-step process for goal-setting and attainment A core-selling and communication methodology based on creating awareness and choice for the client, which results in happier customer relationships As the title suggests, Kick Your Own Ass isn't for those who like to take the easy way out, leave the job half-done, or otherwise slack off. So if you're ready to really take your selling to the next level, get this book and get kicking!

Interview Questions and Answers

McMunn 2012-01-01

Psychology in Everyday Life David G. Myers 2008-10-17 LEARN IT. LIVE IT. Why take psychology? What makes psychology a science? Can it really help me understand my feelings and behaviors? Or how I get along with family and friends? Now from the world's foremost author for the introductory psychology classroom comes a new textbook that makes learning about the psychology of our lives a captivating experience for students at all levels. Carried by the author's acclaimed empathetic voice, Psychology in Everyday Life is David Myers' most inviting text to date. This new book represents a breakthrough in the interplay of text and visuals, yet, as always, provides a rich source of scientific insights into the lives we live. Any student, regardless of age or background, will find it a text that speaks directly to him or her, and will embrace it not just for its grade-raising potential, but for its revelations about what makes a person a stronger student, a more tuned-in friend or

partner, a more effective worker, or a wiser parent.

Mental Logic Martin D.S. Braine 1998-04-01
Over the past decade, the question of whether there is a mental logic has become subject to considerable debate. There have been attacks by critics who believe that all reasoning uses mental models and return attacks on mental-models theory. This controversy has invaded various journals and has created issues between mental logic and the biases-and-heuristics approach to reasoning, and the content-dependent theorists. However, despite its pertinence to current issues in cognition, few cognitive scientists really know what the mental-logic theory is, and misapprehensions are prevalent. This volume is a comprehensive presentation of the theory of mental logic and its implications for cognition and development, including the acquisition of language. The theory offered here has three parts. Part I is the mental logic per se that contains a set of inference schemas. Part II is a

reasoning program that applies the schemas in lines of reasoning, including a direct-reasoning routine and more sophisticated indirect-reasoning strategies. Part III of the theory is pragmatic, proposing that the basic meaning of each logic particle is in the inferences that are sanctioned by its inference schemas.

Leadership and Management Development Jan L. Carmichael 2011-01-27 Written by a team of

experienced practitioners who have worked in HR in many organizational sectors, *Leadership and Management Development* offers students an ideal blend of critical and practice-based approaches. Drawing on their extensive backgrounds, the authors combine insights from the latest research with a multitude of cases and examples. A truly international range of cases--along with examples from both the not-for-profit and commercial sectors and from organizations of all sizes--provide a well-rounded demonstration of how management and leadership work across all areas. The cases are followed by reflective questions and problem-based scenarios that encourage academic, practical, and personal development and provide opportunities for assessment. *Leadership and Management Development* also includes separate chapters on two key issues--ethics and diversity--and a wide range of pedagogical features and academic references. The text is enhanced by a Companion Website containing

resources for students (full audio podcasts featuring practitioners who expand on case studies from the book; sample exam questions with answers; a flashcard glossary; annotated web links arranged by topic; and further reading updates) and instructors (PowerPoint-based slides for each chapter; a teaching outline and answers to questions; and seminar activities).

The Wine Bible Karen MacNeil 2015-10-13

Announcing the completely revised and updated edition of The Wine Bible, the perennial bestselling wine book praised as "The most informative and entertaining book I've ever seen on the subject" (Danny Meyer), "A guide that has all the answers" (Bobby Flay), "Astounding" (Thomas Keller), and "A magnificent masterpiece

of wine writing" (Kevin Zraly). Like a lively course from an expert teacher, The Wine Bible grounds the reader deeply in the fundamentals while layering on informative asides, tips, amusing anecdotes, definitions, glossaries, photos (all new for this edition), maps, labels, and recommended bottles. Karen MacNeil's information comes directly through primary research; for this second edition she has tasted more than 10,000 wines and visited dozens of wine regions around the world. New to the book are wines of China, Japan, Mexico, and Slovenia. And through it all the reader becomes ever more informed—and, because of the author's unique voice, always entertained: "In great years Pétrus is ravishing, elegant, and rich—Ingrid Bergman in red satin." Or, describing a Riesling: "A laser beam. A sheet of ice. A great crackling bolt of lightning."
