Between Two Kingdoms Suleika Jaouad 2022-03-01 NEW YORK TIMES BESTSELLER • A searing, deeply moving memoir of illness and recovery that traces one young woman's journey from diagnosis to remission to re-entry into "normal" life—from the author of the Life, Interrupted column in The New York Times ONE OF THE BEST BOOKS OF THE YEAR: The New York Times Book Review, The Washington Post, Bloomberg, The Rumpus, She Reads, Library Journal, Booklist • "I was immersed for the whole ride and would follow Jaouad anywhere. . . . Her writing restores the moon, lights the way as we learn to endure the unknown."—Chanel Miller, The New York Times Book Review "Beautifully crafted . . . affecting . . . a transformative read . . . Jaouad's insights about the self, connectedness, uncertainty and time speak to all of us."—The Washington Post In the summer after graduating from college, Suleika Jaouad was preparing, as they say in commencement speeches, to enter

“the real world.” She had fallen in love and moved to Paris to pursue her dream of becoming a war correspondent. The real world she found, however, would take her into a very different kind of conflict zone. It started with an itch—first on her feet, then up her legs, like a thousand invisible mosquito bites. Next came the exhaustion, and the six-hour naps that only deepened her fatigue. Then a trip to the doctor and, a few weeks shy of her twenty-third birthday, a diagnosis: leukemia, with a 35 percent chance of survival. Just like that, the life she had imagined for herself had gone up in flames. By the time Jaouad flew home to New York, she had lost her job, her apartment, and her independence. She would spend much of the next four years in a hospital bed, fighting for her life and chronicling the saga in a column for *The New York Times*. When Jaouad finally walked out of the cancer ward—after countless rounds of chemo, a clinical trial, and a bone marrow transplant—she was, according to the doctors, cured. But as she would soon learn, a cure is not where the work of healing ends; it’s where it begins. She had spent the past 1,500 days in desperate pursuit of one goal—to survive. And now that she’d done so, she realized that she had no idea how to live. How would she reenter the world and live again? How could she reclaim what had been lost? Jaouad embarked—with her new best friend, Oscar, a scruffy terrier mutt—on a 100-day, 15,000-mile road trip across the country. She set out to meet some of the strangers who had written to her during her years in the hospital: a teenage girl in Florida also recovering from cancer; a teacher in California grieving the death of her son; a death-row inmate in Texas who’d spent his own years confined to a room. What she learned on this trip is that the divide between sick and well is porous, that the vast majority of us will travel back and forth between these realms throughout our lives. *Between Two Kingdoms* is a profound chronicle of survivorship and a fierce, tender, and inspiring exploration of what it means to begin again.

Menopocalypse Amanda Thebe 2020-10-20 “Perimenopause and menopause can be very difficult times for women, both physically and emotionally. This book empower[s] women with information and advice.” —Dr. Louise Newson, GP and menopause specialist, developer of My Menopause Doctor Discover new, effective remedies for menopause and perimenopause symptoms (migraines, hot flashes, mood swings, and more) in this powerful book, written by a fitness expert who experiences many—and shares her secret to thriving in good health. Includes a Bonus Training Guide with Strength Workouts for Women Over 40 At a time when menopause has become an urgent, necessary topic of public discussion, with the likes of Michelle Obama revealing their struggles for the first time on the internet, personal trainer Amanda Thebe shares the roadmap she uses to thrive during perimenopause and menopause in *Menopocalypse*. With funny, bold, and big-hearted writing that will be familiar to readers of Glennon Doyle, Amanda Thebe shares her menopause journey and what she learned along the way. Readers will come away from the book with: A better understanding of your own hormones and how they factor in menopause and your overall health; Confidence to speak your truth about your menopause symptoms to your doctor, other health professionals, your family, and friends; Advice for achieving optimal health during perimenopause and menopause by changing your diet, fitness routine, and more lifestyle factors. Amanda Thebe was working as a personal trainer and fitness coach when, at age 43, she began to experience debilitating exhaustion, dizziness, and depression. At the time, Thebe didn’t know it was all related to her hormones. The busy mother of two, who was used to climbing mountains and traveling the world, only knew she struggled to get out of bed. After several failed doctor’s appointments, Thebe saw her gynaecologist, who finally named the source of her struggles: perimenopause, the period of 5-10 years before menopause, when a woman’s fluctuating estrogen levels put her at risk of depression, anxiety, headaches, and more ailments related to female hormone health. Empowered by information, Thebe began her journey back to her former self, overhauling her

approach to diet and exercise. In *Menopocalypse*, she explains how to deal with migraines, hot flashes, weight gain, exhaustion, poor sleep, vaginal dryness, and mood swings—offering tips that have worked for her and others. She shares information about hormone therapy. She even shares her own strength-training routine, complete with a suggested workout schedule, easy-to-follow instructions, and pictures of herself doing the exercises, so you can feel empowered, fit, and ready to tackle the day. Menopause isn't fun, sexy, or cool, and a woman might spend one-third of her life in it—but that doesn't mean women should suffer in silence without support. Let the outspoken and honest Amanda Thebe be your guide to surviving—and thriving—during menopocalypse.

Staying Sane Raj Persaud 2011-11-30 How often do we hear ourselves say, 'I can't cope', 'I'm going mad', 'I'm losing my mind'? Despite the wall-to-wall advice on offer to us today, how often do we struggle to maintain a healthy mental attitude in the face of seemingly endless pressure?

Now, in this groundbreaking work, the eminent psychiatrist and broadcaster, Dr Raj Persaud, confronts crucial issues - such as emotional intelligence and the meaning of happiness - and offers proven strategies for achieving and maintaining a healthy, positive mental attitude, regardless of the stresses and strains of daily life. Packed with case histories, questionnaires and fascinating scientific research, this is an invaluable, twenty-first century survival handbook - the ultimate self-help guide to staying sane. The Change Germaine Greer 2018-08-14 An updated edition of Germaine Greer's revolutionary discussion of menopause, which the *New York Times Book Review* called "a brilliant, gutsy, exhilarating, bruising, exasperating fury of a book." A quarter of a century after the first publication of Germaine Greer's now canonical look at women's experience later in life, the renowned feminist and prolific author updates and expands her essential book, *The Change*. Despite improvements over the last few years, discussions about menopause are

still hampered by a huge variance in conventional wisdom about what happens, when it happens, when it can be said to be over, and how to deal with it. After decades, the same misinformation and ineffective methods are still being widely touted and proliferating at an alarming rate due to the rise of the Internet. In this updated edition of her groundbreaking book, Greer debunks stubborn myths and presents a vital new perspective on the emotional and physical changes--including up-to-date medical details--women face today when they go through what's known as "the change." Greer also addresses cultural changes that surround female aging today, launching a clear and necessary protest against the notion that women should shrink into the background as they grow older. She argues that menopause marks the point in a woman's life when she should be able to stop apologizing and bask in the freedom and joy that come with her later years. Witty, wise, and timely, this new edition of *The Change* offers a crucial twenty-first-century guide to the change that every woman faces.

Mothers and Daughters Joan Sauers 2013-04-01 A warm, witty and wise gift for mothers and daughters. Joan Sauers, bestselling author of *Ageing Disgracefully* and mother of a teenage daughter, gives us her warm, witty and wise take on the whole mother-daughter bond. With more than 300 indispensable tips, gentle advice, pithy observations and poignant moments in an attractive gift format, this book will appeal to women of all ages and stages of life. From reminders to remember you love her even when you want to MURDER her, to feisty suggestions on age-appropriate dress (it's okay to borrow your teenager's top, but NOT her miniskirt!) and reflections on how we feel when our mums age, this book will be light, bright and fun, yet always tender. Sure to bring a tear to the eye of mums (and daughters) everywhere.

The Change Before the Change Laura Corio 2013-05-22 *The Essential Book for Every Woman Over 35* You're in the prime of life. As far as you know, menopause could be years away. So why is your body sending you such weird messages? Women today can't afford to lose time and energy to the common, but often misdiagnosed, symptoms of perimenopause — from mood swings and stubborn extra pounds to hot flashes and

insomnia — that precedemenopause by as much as a decade. In this lively and solution-packed book, renowned ob/gyn Dr. Laura Corio provides all the information you need to take charge of your physical and emotional well-being:

- Hormone treatment before menopause, including all the new, natural, and low-dose forms that are making this a safe choice for more women
- Herbs, soy, and other alternative therapies that are backed by solid medical research
- How perimenopause affects fertility — and what to do if you want to get pregnant
- How your skin, hair, and nails reflect deeper changes — and how to make them vibrant again
- Ways to combat cancer fears — and what tests you absolutely must have
- Whether a high-protein diet is right for you — and what vitamins and minerals you should be taking
- What to do now to protect your breasts, uterus, bones, and heart in the years to come
- Diet and exercises to prevent or minimize symptoms, and much more!

The Lakes in My Head Lesli Chinnock Anderson 2017-04-11 At forty-five years old, Lesli had earned a bachelor of science in the biological sciences, worked for nearly twenty years in a variety of medical jobs, and was halfway to completing a second degree when she was diagnosed with decompensated hydrocephalus. Hydro what? Is that contagious? If it's not cancer, what is it? More importantly, will she be able to continue caring for her family, both human and animal, while learning how to care for herself? Unsure of her future, she relies on her faith in a loving God, who guides her into a new and rewarding life using the skills and talents she'd had all along.

The Juicy Tomatoes Guide to Ripe Living After 50 Susan Swartz 2006 From the writer who coined the phrase "bad hair day" comes a well-written, funny and feisty new book, a celebration of dynamic women over 50. An upscale Red Hat Society, *The Juicy Tomatoes Guide to Ripe Living after 50* artfully blends narrative and affirmation with practical advice on how to make the most of these exciting years. Welcoming All That We Are Billie Rogers 2022-02-15 When women come together, unique and powerful magic happens. We gather to tell the truth about our lives, to be authentic with one another, to sing, to vision, to drum, to dance, to make art, to organize, to cry, to recover and heal, to raise our voices, to make good trouble, to solve problems, to innovate, to lead, to mourn, to weave a blanket or build a new world. For millennia women have gathered in circles, in council and boardrooms, around cook pots and quilts, as royals and as slaves, in public and in secret, around fires and funeral pyres, during menses and menopause, as maidens, mothers, and elders, in PTAs and carpools, at churches and synagogues, temples and shrines, mosques and kivas, among standing stones, and in meadows. Everywhere women are, they find a way to gather. Why is it important for women to come together? In a world where women's voices have too often been silenced, diminished, invalidated, punished, ridiculed, and more, we need places where we can be ourselves without editing, and without fear of retribution. In societies

and communities where women are honored and elevated, we still need places to gain inspiration and courage, where we can be genuine and welcomed for ALL that we are. We need spaces where women's ways of inner knowing and intuition are valued, where we can experiment with creative spiritual and secular practices, where we can share our mistakes and victories and learn from each other's life experiences. It can be difficult for women in today's world to find the natural opportunities to gather that were built in for previous generations. Fewer women attend organized religious services, more women work outside of the home, and families and often friends live in different cities. The sheer volume of activity and information overload that make up many modern women's lives means that spending dedicated meaningful time with other women can require that we formally set aside time for a women's group.

Menopause on the Mountain Norma Burdette 2019-04-30 When the Ozarks became our new home, I never expected the volume of changes we would endure. The daily challenges of the hollar, the critters and the hot flashes. One thing is certain, sharing my crazy is keeping me sane.

Journey to the Well Vashti M. McKenzie 2003-04-29 In the tradition of empowering spiritual writers such as Ilanya Vanzant, Bishop Vashti McKenzie offers women a Christian path to personal transformation. A groundbreaking preacher who, in 2000, became the first woman to serve as bishop in the African Methodist Episcopal Church, Bishop McKenzie is renowned for her eloquence and passion in the pulpit. Now she brings her inspirational message to readers through the biblical story of the meeting at the well between Jesus and the Samaritan woman. In twelve lessons, McKenzie interweaves the Samaritan woman's experiences with contemporary personal stories, Bible quotations, life-affirming sayings, and meditational activities. Through them she shows women that if they hold onto hope and listen for their moments of epiphany, they can accomplish anything.

MENOPAUSE MONDAYS Ellen Dolgen 2015-05-01 For Ellen Dolgen, menopause education is a mission. Spurred by her own experience

struggling with the symptoms of menopause, Dolgen has devoted the last ten years of her life to helping other women during this often difficult time. While she's not a doctor or scientist, she's "talked the talk" with countless menopause experts, so that she can "walk the menopause walk" with you and share the keys to this menopause kingdom. Together with her son, Jack, she created this new, comprehensive guide to all things menopause—the symptoms, the treatments, the long-range effects on a woman's health. Dolgen shares the expertise of numerous specialists to replace confusion and embarrassment with medically sound solutions, presented in an entertaining and informative way. You'll find detailed descriptions and treatments for the symptoms you or your loved one may experience, from hot flashes and mood swings to mental fogginess and loss of libido, and lots more in between. In addition to sharing the latest research and proven treatments, Dolgen offers guidance to finding a menopause specialist who's right for you, and she provides a clear explanation of what tests to ask for. You'll also learn about the latest studies on hormone replacement as well as alternative therapies and remedies. Finally, Dolgen shares the real-life experiences of women—and those who love them—as they traverse the crazy ups and downs of perimenopause and menopause. Her motto is: Suffering in silence is OUT! Reaching out is IN!

Cultural Studies PAULA A AUTOR TREICHLER 1992 The most ambitious and broadly international collection on cultural studies ever published, this book is destined to shape research and teaching through the 1990s and beyond. It arrives at a time of high visibility for cultural studies but a time as well when cultural studies' long oppositional history is in danger—particularly in the United States—of being taken up and assimilated into the ongoing, apolitical, academic enterprise. In an effort to disrupt this process, Cultural Studies interrogates the contemporary commitments of the field: its historical and intellectual positions, political and scholarly preoccupations, and the kinds of interventions it aims for now and in the future. Featuring essays by such prominent cultural theorists as Tony Bennett, Homi Bhaba, Donna Haraway, bell hooks, Constance Penley, Janice Radway, Andrew Ross, and Cornel West, Cultural Studies offers

numerous specific cultural analyses while simultaneously defining and debating the common body of assumptions, questions, and concerns that have helped create the field. The topics addressed include race and minority discourses; ethnicity and postcolonialism; postmodernism; feminism; cultural policy; the place of history in cultural studies; the politics of representation; popular culture; aesthetics; ethics; and technology. At the same time Cultural Studies explores the cultural work performed by such diverse forms of cultural production as rock music, Chicano art, detective novels, African-American writing, the AIDS epidemic, architecture, reproductive freedom, *sati* Star Trek fandom, and New Age technology. Numerous contributors interrogate their own theoretical and methodological commitments, examining the place of representation, narrative, identity, language, and textual criticism in their work. -- Publisher description.

Life Unstyled Emily Henson 2021-04-13 We are bombarded by perfect interiors, images that aren't attainable because they have been styled to the point where they bear no resemblance to reality. These interiors may be stunning, but they aren't an honest reflection of how we really live. Life Unstyled is about taking inspiration from real homes that are beautiful, creative and inspiring but at the same time a little rough around the edges, with signs of everyday life evident throughout. The first section, 'Homes Unstyled', sets out Emily's manifesto for creating a stylish home that is beautiful but lived in. A Home is Never Done advocates allowing your space to evolve gradually so it is an ever-changing expression of your tastes and interests. Work with What You've Got suggests ways to make the most of the home you have rather than yearning for unattainable perfection. Signs of Life offers ideas for wrangling papers, clutter and other stuff. Creative Clutter tackles collections and displays, while Break the Rules rejects style diktats and shows how individuality can bring a home to life. The second section, 'People Live Here', visits real-life homes that are definitely not perfect yet display incredible style and creativity and reflect their owners' needs, tastes and style. And throughout the book, quick fixes, DIY makes and 'Every Home Should Have...' boxes offer creative solutions with unique results.

Staying Sane When You're Going Through Menopause Pam

Brodowsky 2009-03-25 They took away hormone replacement therapy and now hot flashes are back with a vengeance. What's a menopausal gal to do? If you're tired of fanning yourself in meetings or in line at the grocery store, cool your heels and take pleasure in these stories that provide inspiration and humor from those who have gone to the front lines of the battle--and survived. Here's how other savvy, sexy women have tamed the mid-life demons and stayed lean, even keeled, and in charge of "the change"!

Fists Pietro Grossi 2012-09-25 'Fists', 'Horses' and 'The Monkey': three powerful coming-of-age stories about boys confronting reality, and

fighting to stay alive in a man's world. In 'Fists', a teenage amateur boxer steps into the ring for the first time, and finds himself in a face-off with Life in all its muscular force; in 'Horses', two brothers embark on their first forays into adulthood, each learning to play a man's game in his own painful way; and in 'The Monkey', a young man realizes that in order to stay sane and survive in this world, we have to sacrifice our childhood dreams. Told in a spare and powerful voice reminiscent of Hemingway and Salinger, Grossi's stories explore the rite of passage each of us faces in our youth - and what it means to be a man in our time.

Flash Count Diary Darcey Steinke 2019-06-18 "Many days I believe menopause is the new (if long overdue) frontier for the most compelling and necessary philosophy; Darcey Steinke is already there, blazing the way. This elegant, wise, fascinating, deeply moving book is an instant classic. I'm about to buy it for everyone I know." —Maggie Nelson, author of *The Argonauts* A brave, brilliant, and unprecedented examination of menopause Menopause hit Darcey Steinke hard. First came hot flashes. Then insomnia. Then depression. As she struggled to express what was happening to her, she came up against a culture of silence. Throughout history, the natural physical transition of menopause has been viewed as something to deny, fear, and eradicate. Menstruation signals fertility and life, and childbirth is revered as the ultimate expression of womanhood. Menopause is seen as a harbinger of death. Some books Steinke found promoted hormone replacement therapy. Others encouraged acceptance. But Steinke longed to understand

menopause in a more complex, spiritual, and intellectually engaged way. In *Flash Count Diary*, Steinke writes frankly about aspects of Menopause that have rarely been written about before. She explores the changing gender landscape that comes with reduced hormone levels, and lays bare the transformation of female desire and the realities of prejudice against older women. Weaving together her personal story with philosophy, science, art, and literature, Steinke reveals that in the seventeenth century, women who had hot flashes in front of others could be accused of being witches; that the model for Duchamp's famous *Étant donnés* was a post-reproductive woman; and that killer whales—one of the only other species on earth to undergo menopause—live long post-reproductive lives. *Flash Count Diary*, with its deep research, open play of ideas, and reverence for the female body, will change the way you think about menopause. It's a deeply feminist book—honest about the intimations of mortality that menopause brings while also arguing for the ascendancy, beauty, and power of the post-reproductive years.

Hot and Bothered Judith A HOUCK 2009-06-30 How did menopause change from being a natural (and often welcome) end to a woman's childbearing years to a deficiency disease in need of medical and pharmacological intervention? By examining the history of menopause over the course of the twentieth century, Houck shows how the experience and representation of menopause has been profoundly influenced by biomedical developments and by changing roles for women and the changing definition of womanhood.

Cover Me Stephanie Bond 2020-02-11 You can't judge a girl by her cover... I work for a NYC magazine, so you'd think my life would be fascinating, right? Notsomuch... until my girlfriends dared me to have a one-night-stand to celebrate my birthday to, um... use a naughty gift they

gave me. Hunky outdoorsman Sam Somebody from the bar was happy to oblige, and friend, it was a night to remember. I thought I'd never see him again, so imagine my surprise when he was the guest of my next morning editorial meeting--as the cover story. Can you say awkward? (Here's where things get really weird.) When my boss became convinced our magazine had fallen under a "cover curse," she sent me to Nowheresville, USA to man-sit Sam under the cover of a writing assignment. I'm trying to keep a professional distance, but he's wearing me down. And since I've never been outside the city, my unmatched clumsiness might put Sam in more danger than anything else... meanwhile, I'm the one in real danger--of losing my heart. Ack! From the bestselling author of STOP THE WEDDING! (now a Hallmark Channel movie), COVER ME is a sexy romantic comedy that will make you laugh out loud!

The Female Lead Edwina Dunn 2017-02-09 Sixty inspirational women, from many walks of life. All have changed the world in a variety of fields. Among them are politicians and artists, journalists and teachers, engineers and campaigners, fire fighters and film stars. Together they form an arresting gallery of portraits, each one illustrated with original photography by Brigitte Lacombe. Some have led their professions; some have broken new ground for women; some have inspired changes through relentless endeavour. All were chosen for their ambitions and achievements and all tell their stories in their own words. For girls, it can be hard to identify role models in our society. This book will help and inspire women everywhere to realize their hopes and ambitions.

The Wisdom of Menopause Christiane Northrup, M.D. 2012-01-03 Dr. Christiane Northrup's #1 New York Times bestseller *The Wisdom of Menopause* has inspired more than a million women with a dramatically new vision of midlife—and will continue to do so for generations to come. As Dr. Northrup has championed, the "change" is not simply a collection of physical symptoms to be "fixed," but a mind-body revolution that brings the greatest opportunity for growth since adolescence. The choices a woman makes now—from the quality of her relationships to the quality of her diet—have the power to secure vibrant health and well-

being for the rest of her life. Now completely revised, this groundbreaking classic draws on the current research and medical advances in women's health, and includes: • a new section on sex after 50—and how, if need be, you can rejuvenate your sex life; • updated mammogram guidelines—and how thermography improves breast health; • the latest on the glycemic index, optimal blood sugar levels, and ways to prevent diabetes; • dietary guidelines revealing that hidden sugar—not dietary fat—is the main culprit in heart disease, cancer, and obesity; • all you need to know about perimenopause and why it's critical to your well-being; • a vital program for ensuring pelvic health during and after menopause; • strategies to combat osteoporosis and strengthen bones for life. With this trusted resource, Dr. Christiane Northrup shows that women can make menopause a time of personal empowerment—emerging wiser, healthier, and stronger in both mind and body than ever before.

STILL HOT! Kaye Adams 2020-10-15 Every menopause has its own story. It's time we told them . . . The menopause. What even is it? One big theme unites *Still Hot!*'s 42 stories - that, somehow, the world doesn't ready us for this. The menopause - let alone the perimenopause - simply isn't talked about; instead, it's reduced to a comic hot flush. More and more of us are proudly stepping free of the menopausal closet, but the Big M is still a conversation whispered below the radar. No one tells you it will be like this. No one prepares you for it. That silence is lifting, slowly. So let's be bold, let's overshare. Let's find solidarity among *Still Hot!*'s myriad voices - wise, rebellious, measured, fierce, upfront - telling how the menopause is not just one story, but many. Telling, in fact, that this is not the menopause, it is YOUR menopause. FEATURING Sahira

Once you've been through it, you go, That's it, I can do anything now." KIRSTY WARK "Once we stop bleeding, once we stop having children, once we go through the menopause, it's not over. In fact, it can be a very empowering time." JULIE GRAHAM "We mustn't be scared of the menopause . . . I always say, Don't suffer in silence. Get help. There is help out there. There is understanding." LORRAINE KELLY "Many women, when they go through menopause, happen to be going through things in their life anyway. You wonder, does one galvanise the other?" TRINNY WOODALL "There is no one-size-fits-all for menopause." DENISE WELCH "It's not THE menopause. It's YOUR menopause." KAYE ADAMS
